

**Clarification regarding A class and B class contractor license for
KSEB/Licensee contract works**

As per Annexure 32 of the Kerala State Electricity Licensing Board Rules 2020, Electrical Contractor B grade license holder with scope all LT/MV installations upto and including 150 kW and above, can also do the work of the KSEB Ltd/Licensee LT/MV line works. KSEB Ltd/Licensee should ensure that the working contractor should possess the following tools in good working condition for his contract work.

- | | | |
|---|---|-------------|
| 1) Safety Belt | - | 2 Nos. |
| 2) Rubber Gloves (Electrical Grade) | - | 2 Nos. |
| 3) Ladder | - | 2 Nos. |
| 4) Earthing Rod | - | 2 Nos. |
| 5) Wiring Tools | | |
| 6) Crimping Tool (150 mm ²) | - | for B class |
| Crimping Tool (400 mm ²) | - | for A class |

On the other hand, the contractor with license of KSEB Ltd/Licensee only can do installations belong to KSEB Ltd/Licensee as per his scope specified in Annexure - IA14(A) for A class contractors and Annexure IB5(5) for B class contractors.
